A Lifestyle YOU WILL LOVE!

What does a not-for-profit Life Plan community mean to our residents?

Cypress Cove is a not-for-profit 501(c)(3) Life Plan community where earnings are reinvested into services and enhancements that benefit residents. Unlike for-profit organizations focused on generating profits for shareholders, our tax advantages help control costs while meeting stringent government standards for financial stewardship. This means you can feel confident knowing Cypress Cove is dedicated to supporting your financial well-being.

Our person-centered approach to living enables residents have the opportunity to influence operations and shape program offerings. What is important to you is important to us, and we are here to ensure you can make the choices that matter most to your life.

Cypress Cove also offers the full continuum of healthcare services to meet your needs at every situation. We encourage you, your family, and your financial advisors to bring us your questions. Together, we will explore how Cypress Cove can support a fulfilling, secure, and vibrant lifestyle as part of a Life Plan community.

Tax advantages are hard to ignore.

Because a portion of your entrance fee and monthly fees may be attributed to healthcare needs, those fees may qualify as a future medical tax deduction even while in Independent Living. We are happy to provide details and meet with your tax or financial advisor to assist.

The Life Care Plan

Are you ready for a lifetime of security?

There are several types of senior living communities, each with varying levels of care, services and residency agreements. Cypress Cove is a Type-A Life Care community, which means residents enjoy a vibrant, maintenance-free lifestyle and lifetime access to healthcare in a resort-style, amenity-rich Life Plan community.

Cypress Cove’s Life Care plan is an investment that has provided value to Floridians since 1999. It is a plan for life and more than anything, it is a gift you make to yourself and your loved ones.

Only a Life Plan community like Cypress Cove includes provisions for, and guaranteed access to, all levels of care in one location, including Assisted Living, Memory Care Assisted Living, Skilled Nursing, Rehabilitative Services and Home Care. Without a full continuum of care, an unforeseen health event would necessitate a move to a different care provider and incur the market rate for those services. These costs can be exorbitant—ranging as high as \$13,770 or more per month. The Life Care plan at Cypress Cove will significantly reduce the out-of-pocket costs of long-term care and eliminate the stress and costs associated with additional moves.

The Life Care plan includes unlimited Assisted Living, Memory Care Assisted Living and Skilled Nursing at the same monthly fee.
